IP PBX + IP CCTV + MANAGED WI-FI

Customer pain point

- ▶ To find suitable contractor for new installation of unified communication solutions (IP PBX, IP CCTV and managed wifi)
- ▶ To find the best way to install and connect (IP Phone, IP PBX, CCTV and managed wifi) running using unifi fiber backhaul

Solutions

- ▶ Install Yealink IP PBX and setting it with Unifi TM at Kulim Hi Tech
- ▶ Empower unified ip communication with aggregated and segregated bandwidth with best QoS setting for each unified solutions (IP PBX, IP CCTV and managed wifi)
